MESSAGE FROM THE PRESIDENT

The first five years of the new Century have been remarkable ones for Saint Joseph's College. Thanks to the efforts of many people - alumni, trustees, faculty, staff, and friends - Saint Joseph's College has begun the new Century well. This is a report to the Saint Joseph's College community on the advances the College has made on all fronts from July 1, 2001 forward to June 30, 2006. Other parts of this Report will describe in detail the achievements we have made together. Below are brief highlights of those achievements.

Finances: For the past five years we have been able to achieve balanced operating statements with a modest surplus each year. The balance results from the generous gifts we have been fortunate to receive as well as good management throughout the College.

Employee Compensation: The key to the College's remarkable success as a place of learning is its people - the educators and staff that work daily with our students. We have been able to give an average of between 4% and 5% raises every year to all employees. In addition we have increased the amount contributed for staff members' retirement and for family health insurance coverage. We are approaching a 10% matched contribution by the College for retirement and for our lower hourly wage earners 70% payment of their family health insurance premiums.

Enrollment: In the fall of 2001 we had 914 students. Today we have 1031. This is the highest enrollment in well over a decade.

Recognition: We have for multiple years now received recognition for our programs and services. *U.S. News & World Report* rates SJC among the Top 40 "Best Midwest Comprehensive Colleges." *The Princeton Review* has awarded us the designation of "Best in the Midwest." SJC is nationally recognized by *Colleges of Distinction* for excellence in four areas of distinction: engaged students, great teaching, vibrant communities, and successful outcomes.

Accreditation: The College was fully reaccredited for the maximum ten years by the Higher Learning Commission of the North Central Association (our regional accrediting association) as well as the National Council for Accreditation of Teacher Education (NCATE) - the gold standard for accreditation in teacher education.

Planning: A College-wide Strategic Planning process was implemented to help chart our destiny and deploy our resources to the best advantage. The first Five Year Plan was published April 30, 2004. We are currently involved in the next edition of the Plan to be published in late spring 2007. Strategic Planning engages our entire College community. When people are "in the know" they can work more intelligently - and they do! The Planning process we use so impressed the Higher Learning Commission we were asked to display it at the 2005 Annual Conference.

Renovations: In the last five years the College has made over \$5,000,000 worth of improvements and renovations to campus facilities. We have a remarkable campus gifted to us by generations of alumni, friends, and Missionaries. With care and attention our buildings are ready to report for duty in this new Century. At the end of the day it is a lot less costly to renovate than to build anew. Renovations do not drive up operating expenses nearly as much as new construction.

Placement: We have placed about 96% of the graduating class shortly after Commencement each year. That is about as good as it gets. The Pumas are in demand - and why not? They have a good education - both broad and deep.

Fund Raising: From all sources - foundations, alumni, friends, corporations - the College has raised \$18,739,092 in the five years covered by this Report. We are deeply grateful for this support and the confidence such extraordinary generosity expresses in the College and its mission.

Endowment: We have moved the endowment from \$5.7 million to \$15.1 million. The increases come from gifts, proceeds from land sales in our industrial park, and the increasing value of the endowment itself.

Saint Joseph's College has had a rich history since its founding in 1889. There are so many achievements that have helped us to be what we are today. We are indebted to many for their sacrifice, vision, and accomplishments. The expression is so true that we "stand on the shoulders of giants." We are grateful for our "giants," yet much remains to be accomplished in this new Century. May they continue to walk with us.

Sincerely,

Ernest R. Mills III
 President

MISSION

Over the past five years numerous efforts to enhance awareness of the College mission and the sponsorship of the Missionaries of the Precious Blood (C.P.P.S.) have been made. The mission of Saint Joseph's College continues to build on the legacy of many priests, brothers, sisters and lay faculty and staff who have been a part of the College for over one hundred years. During the past several years there are several key points worthy of note.

Sponsorship

From the founding of the College in 1889, Saint Joseph's College was, according to Church (canon) law, owned by the Missionaries of the Precious Blood. Although there was (and is) a civil corporation that is the legal owner of the property, Church ownership was still possessed by the

C.P.P.S. In 2005, after about nine years of work, this relationship between the C.P.P.S. and the College changed through the passage of new Articles of Incorporation and Bylaws for the College. The C.P.P.S. no longer has canonical ownership of the College. The C.P.P.S. continues to sponsor SJC and maintains supervision over the Catholic nature of the College and the mission of the College.

C.P.P.S. members ministering at the College continues to remain small. Thus, more concerted efforts need to be implemented to raise awareness of both the Catholic nature of the College and its mission. The College has been fortunate to have two new younger C.P.P.S. members in ministry at the College and continues to encourage C.P.P.S. members and candidates to join in the ministry of higher education.

Ex corde ecclesiae

Pope John Paul II's apostolic constitution *Ex corde ecclesiae* (1990) on Catholic higher education continues to be a source of dialogue at various levels of the College. All members of our faculty who teach in the theological disciplines have received the *mandatum* from the Bishop of the Diocese of Lafayette-in-Indiana. Over the past several years, the Board of Trustees have heard presentations and discussed this constitution at meetings. The Occasional Paper #11 "Who Are We? What Do We Stand For? Reflections on the Mission of Saint Joseph's College" was authored by our Bishop and two SJC faculty members in 2005. This paper explores more specifically how the College continues to implement *Ex corde ecclesiae* and the C.P.P.S. mission.

MISSION

Campus Ministry

Campus Ministry continues to be a strong presence on campus. We have a team of a priest, brother and lay woman who provide for the spiritual needs of students and staff. During the past five years, many faith formation opportunities have been offered through Campus Ministry. The series “Exploring Catholicism” is a monthly session with guest speakers focusing on a variety of educational issues on Church teaching as it affects numerous contemporary issues. We continue to offer sacramental preparation (i.e., baptism, confirmation and marriage).

Over the past several years, we have witnessed increasing interest in volunteer service opportunities. A couple Core classes have been utilizing this interest in volunteer service through Service Learning (participating in volunteer service and reflecting on this in light of the academic course). We were able to purchase a passenger van, with the assistance of a C.P.P.S. Peace and Justice Grant, to help transport students to service opportunities. Soup Kitchens, Right to Life, and Habitat for Humanity continue to be popular activities among students. The number of volunteer hours donated by our students continues to rise. Several athletic teams have also taken on community service projects as a team.

Spiritual Formation in the retreat programs also continues to grow. Several different types of retreats are offered each year. There are two camping retreats, two busy student retreats, and three Kairos retreats offered each year. For the past several years, approximately 10% of our student population participates in a Kairos retreat each academic year.

Thinking outside the box: Margaret Broderick '08, Student Association President, and Joanna Askwith '08 demonstrate their concern for the plight of poverty and homelessness as participants in Shack City. Students braved 30 degree outdoor temperatures while spending the night in cardboard boxes to raise funds for the Habitat trip to Santiago, Chile in May.

Chapel

Over the past two summers the original tile roof on the Chapel (circa 1909) has been replaced. The roof replacement was necessary to stop leaks. The Fellows Program of SJC is on a quest to establish a \$1 million endowment to support further renovation and improvements to the Chapel complex.

Ecclesial Lay Ministry

For over ten years the College has collaborated with the Diocese of Lafayette-in-Indiana in offering certification for Ecclesial Lay Ministry. The College oversees the academic component of ten two-credit college level theology courses, while the Diocese provides pastoral and spiritual formation for candidates seeking certification. Currently over 60 people have completed the program and have been deputized as Ecclesial Lay Ministers for our Diocese. Some of our faculty members have also provided theological courses for the newly initiated permanent diaconate program in our Diocese and workshops for both parishes and the Diocese.

This involvement of the College with the Diocese represents a great example of fulfilling the College's mission to “extend personal and professional services as Church and public needs may require,” and of the C.P.P.S. mission to “call forth the gifts of the laity.”

ACADEMICS

LILLY ENDOWMENT: INITIATIVE TO PROMOTE OPPORTUNITY THROUGH EDUCATIONAL COLLABORATIONS

Saint Joseph's College received a \$750,000 grant from Lilly Endowment to launch several programs both on campus and within the Northwest Indiana region. The grant period is January 2004 through December 2008. SJC's grant proposal focused on three key issues: hiring a new professional to develop and supervise an in-state alumni-parent-trustee-employer network, expanding the number of research projects taking place within Jasper County and contiguous counties, and increasing the number of registered nurses also graduating with a Bachelor of Science degree in Nursing (BSN) from SJC, as Nursing is one of the College's fastest growing programs.

Dr. Anne Gull, Associate Professor of Chemistry (left) and Bro. Rob Reuter, C.P.P.S., Associate Professor of Philosophy (right), congratulate Heather Mikus '06 (center) on her receipt of the prestigious St. Joseph the Educator Award.

LILLY ENDOWMENT: RECRUITING AND RETAINING INTELLECTUAL CAPITAL

Before the start of the 2004-2005 academic year, Saint Joseph's College was excited to accept a \$1 million grant from Lilly Endowment, titled "Recruiting and Retaining Intellectual Capital." Disbursed between August 1, 2004, and July 31, 2009, the funds have already increased the number and amount of academic scholarships allotted to incoming students, enhanced faculty development programs, upgraded science labs, and provided for a wider variety of noteworthy speakers on campus. The proposal that the College submitted to Lilly Endowment was based on the places where two sets of factors intersected: what the Endowment was willing to fund – increase of intellectual capital – and where in that area SJC had weaknesses to remedy and strengths to confirm – the Strategic Plan.

The grant will supply \$300,000 in additional scholarship aid, \$150,000 in faculty development, \$100,000 in guest speaker presentations, and \$450,000 in laboratory renovation. Faculty development will cover doctoral and post-doctoral coursework, off-campus workshops, participation in long-term research, and travel related to courses in the College's curriculum. New equipment and upgraded technology has been introduced in the science labs, and an undergraduate research laboratory has been created.

HIGHER LEARNING COMMISSION OF THE NORTH CENTRAL ASSOCIATION

The Higher Learning Commission of the North Central Association (HLC), the College's regional accrediting agency, conducted a Focus Visit in Fall 2004.

The Focus Visit would evaluate three issues:

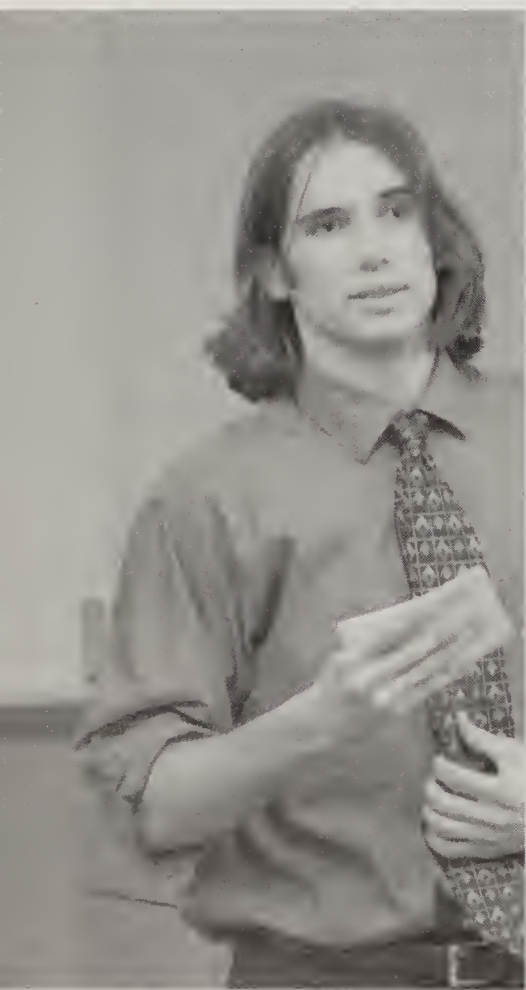

- a) the Strategic Plan and the planning process
- b) the development of a financial plan including a balanced budget, systematic repayment of debt, and compensation for employees
- c) verification of the highest degrees earned by our educators and administrators.

HLC reported: "The College has responded to the challenges identified by [the] previous Team in a serious and comprehensive way. With planning and budgeting extending out to 2008-2009 and the safeguards in place for the budget to adjust to changes in enrollment numbers, and the vigilance of the Board, this Team supports the option suggested by the previous visiting Team, namely, extending the time for the next Comprehensive visit to the Spring of 2011-2012."

EDUCATION DEPARTMENT RECEIVES HIGHEST RATING ACHIEVABLE

The National Council for Accreditation of Teacher Education (NCATE), an individual, departmental accreditation agency that visits qualifying institutions on a nine-year basis, visited from October 22-26, 2005. NCATE awarded SJC with an "unconditional" accreditation, the highest rating an institution can achieve. The rating criteria employed by NCATE are candidate's knowledge, skills, and dispositions; assessment system and unit evaluation; field experiences and clinical practice; diversity; faculty qualifications, performance, and development; and unit governance and resources.

Dr. Jennifer Barce, Education Department Chair, believes the NCATE visit was a two-fold benefit, advantageous both to Education professors and Education students. "It was helpful for the professors to sit down and analyze the effectiveness of our new program and determine exactly how it fits in with the rest of SJC. It was great that the students got to see, first-hand, that the learning process never stops and a program (as well as individuals) never stops growing. We can always improve ourselves, and that's something that every potential teacher needs to recognize."

Brad Habel '07, Mathematics major; delivers a presentation during Colloquium Day 2006.

Bruce Hicks '79 visits with Amy Baird '06 at the Indianapolis Business Networks reception.

RENEWED PARTICIPATION IN WOODROW WILSON FELLOWS PROGRAM

Annually, the Saint Joseph's College Academic Cabinet has the opportunity to host a Woodrow Wilson Visiting Fellow who will bring a different perspective to the communities of SJC and Rensselaer. In 2004, the College renewed its participation in this prestigious program and hosted former United States Ambassador to Chile, Colombia, and Grenada, Charles Gillespie; in 2005, welcomed Steven McIlvaine, former Congressional Liaison for the State Department of Africa; and in 2006, opened its doors to Juliet Goodfriend, founder of the Strategic Marketing Corporation.

Founded in 1945, The Woodrow Wilson National Fellowship Foundation locates accomplished people and makes them available for colleges and universities to draw upon as role models for students. The organization's goals are to create "a liberal arts Renaissance," provide "access and opportunity" to educators, and generate "partnerships for learning" among different academic institutions.

BUSINESS AFFAIRS

Budget:

- Ended the June 30, 2001 fiscal year with a \$642,000 deficit and engineered a \$1,000 surplus by June 30, 2002.
- Attained a surplus of revenue over expenses for the five consecutive fiscal years ended June 30, 2006.
- Removed all capital funds from individual departmental budgets during fiscal year 2002 to create operating and capital contingencies in the operating budget.

Jan Childs, SJC Fellow (left), and V. Rev. Angelo Anthony, C.P.P.S. '84 (right) enjoy the 2006 Fellows Dinner.

Finances:

- Created a five-year forecasting model to support long-range planning efforts. The model is presented with a substantial list of assumptions so readers can have a better understanding of the basis for the projected results.
- As part of the five-year model, a five-year enrollment projection model was created. The model requires the input of all historical data and the projected number of incoming first-time full-time freshmen and transfers to project the number of students we expect to enroll in the future.
- Refinanced our long-term and short-term debt to realize an estimated savings of \$3-5 million over the remaining 25-year term of the bond issue (6.8% average coupon fixed rate debt replaced with variable rate debt with an average interest rate below 4.0%).
- Created a series of financial ratios to be monitored each year to ensure proper financial trends for the College. The Executive Committee of the Board of Trustees selected thirteen of the ratios at its June 2003 meeting to be monitored annually by the Board of Trustees.
- Endowment funds will be managed by a new firm that will adhere to Catholic Socially Responsible Investment (SRI) guidelines that were adopted by the Board of Trustees. Adherence to the SRI guidelines will be reviewed annually by the Board of Trustees.

Compensation & Benefits:

- Replaced the traditional “80/20” health insurance with a Preferred Provider Organization (PPO) that includes an HMO network. Our former provider announced a 52% premium increase, which would have cost the College about \$250,000 more per year than the PPO plan that carried only an 18% higher premium.
- The College has pledged to make health insurance more affordable to all families of SJC employees. Four contribution levels were created such that the lower an employee’s wages were, the lower their cost to insure their families – with the fourth tier being added in July 2005.
- The College had historically contributed between 2% and 8% of an hourly worker’s annual wage to the TIAA-CREF retirement plan. The College instituted a four-year plan to attain a single retirement contribution for all workers at 10% and attained that goal in September 2006 for all eligible workers.
- Created and implemented a compensation plan for all employees that will put SJC employees, on average, at the median of peer employees after five years (faculty) or seven years (non-faculty). All employees were compensated at or above a minimum level by the end of the second year of the plan.

Facilities:

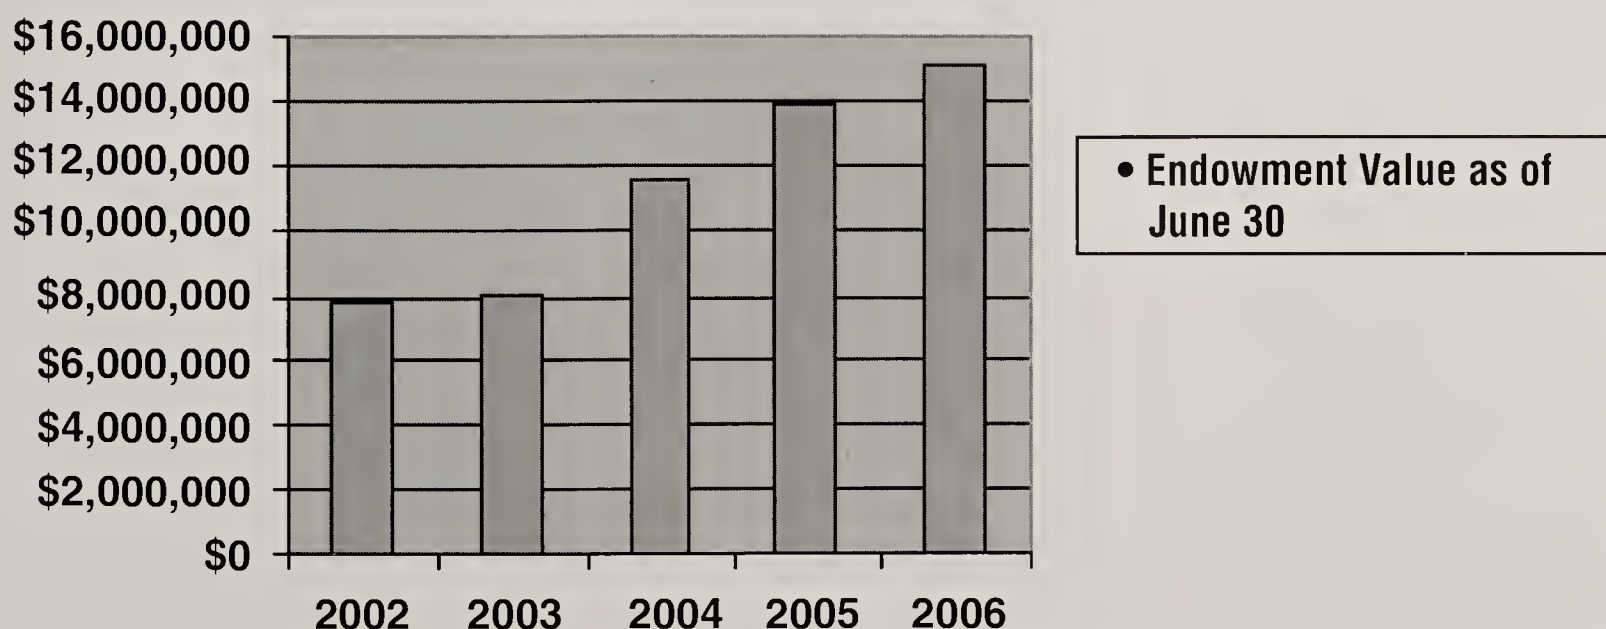

- Changed the leadership at the Director level and in two Foreman positions between 2003 and 2004, leading to a more efficient operation that has been able to accomplish more work with a total of five fewer full-time equivalent employees.
- Invested more than \$5 million in repairs and renovations during the last five fiscal years – funded with gifted funds and operating funds.
- Renovated three of the four floors of the Science wing of the Arts & Sciences Building using the ideas and labor of the men and women of the Physical Plant department.
- Completed a \$1 million renovation to the cafeteria. The debt taken on to pay the costs is being funded by Sodexo, our food service provider.
- Spearheading the concept, design, and construction phases of forthcoming capital projects.

Student Financial Services:

- Combined the Financial Aid and Student Billing offices to more conveniently serve our student needs in a one-stop-shopping manner.
- Reduced the amount of time to complete the verification process for federal financial aid such that it is completed before students arrive for fall semester which reduces late changes to student aid packages resulting from incorrect information from parents and students thus improving the timing of cash flow into operations (student receivables have decreased from \$700,000+ to less than \$200,000 at September 30 each year).

Real Estate:

- Completed the rezoning of the College's farmland east of US Hwy 231 to accommodate economic growth in Jasper County and to preserve a 700' buffer of land between the campus and its future economic neighbors.
- Replatted the Drexel Industrial Park to reflect new zoning developments and to grant a right-of-way to the City of Rensselaer to build the first leg of Saint Gaspar Drive to the new movie theater in Drexel Industrial Park.
- Sold fifteen acres in Drexel Industrial Park that were zoned B-2 (retail and service business) and one 20-acre parcel that was zoned I-2 (light industry).

FIVE YEARS OF **PROGRESS**

Thanks to the generosity of alumni, parents, and friends, as well as College capital funds, the following projects were completed at a cost of just over \$5,000,000.

(**Bold** indicates \$100,000 plus projects.)

Jim '64 and Drina Madden were the honorees for the 2006 Trustees Scholarship Dinner and Auction held in Chicago. As proud grandparents, the star of the show admittedly was granddaughter, Mia Slawikowski.

INSTITUTIONAL ADVANCEMENT AND MARKETING

*Senator Richard Lugar (left)

Herbert Arihood (right). Lugar
served as the 2006
Commencement speaker and
received an honorary degree.*

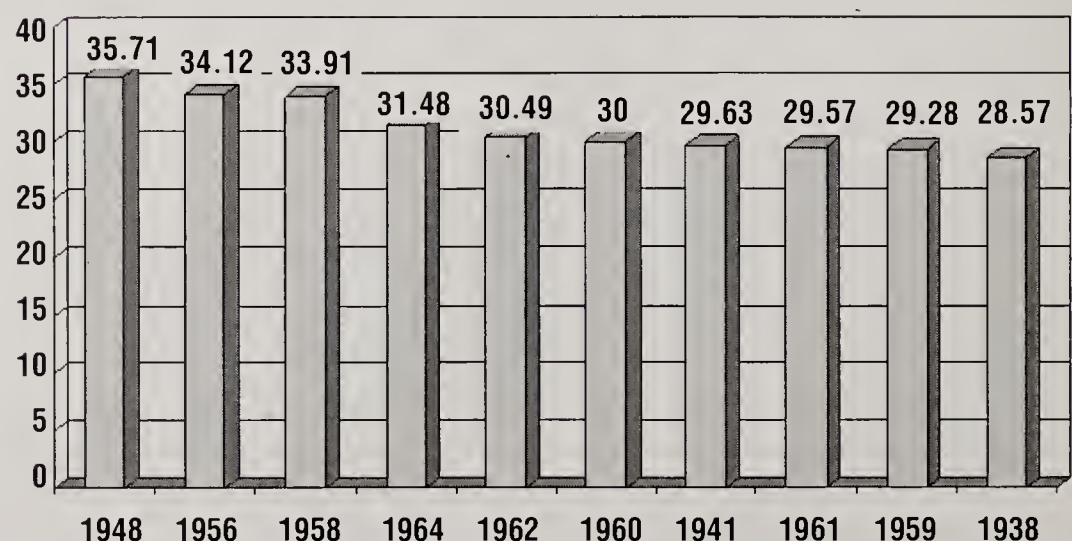

As you have witnessed in this five-year report, great things have been happening at Saint Joseph's College thanks to your loyal support. A very special thanks goes to the Fellows of the College, for in the past five years they have provided restored stained glass windows and a new sound system in the Chapel; renovated Arts & Science Building classrooms and laboratories; beautified the Lourdes Grotto; graced the campus with handsome, personalized steel benches; and have raised over \$700,000 of the \$1 million goal for the Chapel Complex Endowment. If you are not already a Fellow of the College, I encourage you to inquire about the benefits of becoming a member of this distinguished program. If you are already a Fellow, let the words of Fr. Gross be your inspiration in the charge that *"every Fellow should Fellow a Fellow."*

Alumni, parents, and friends - you are the fuel that keeps our fires burning...and with the high price of fuel, know that you are a precious commodity. SJC closed out the 2005-06 fiscal year with an alumni donor participation rate of 24% - down from a high of 26% during the Lilly Initiative that closed out December 31, 2003. The national alumni donor participation rate average for small liberal arts colleges hovers at 30%. Pumas are natural predators and with your help we can pounce upon the 30% goal within the next five years.

*Alumni, parents,
and friends - you
are the fuel that

■ **Top 10 Classes:**
Alumni Donor Participation Rate
(percent)

Rolling forward with their education: The Class of 2010 goes for the gold in the Puma Olympics during Freshman Orientation.

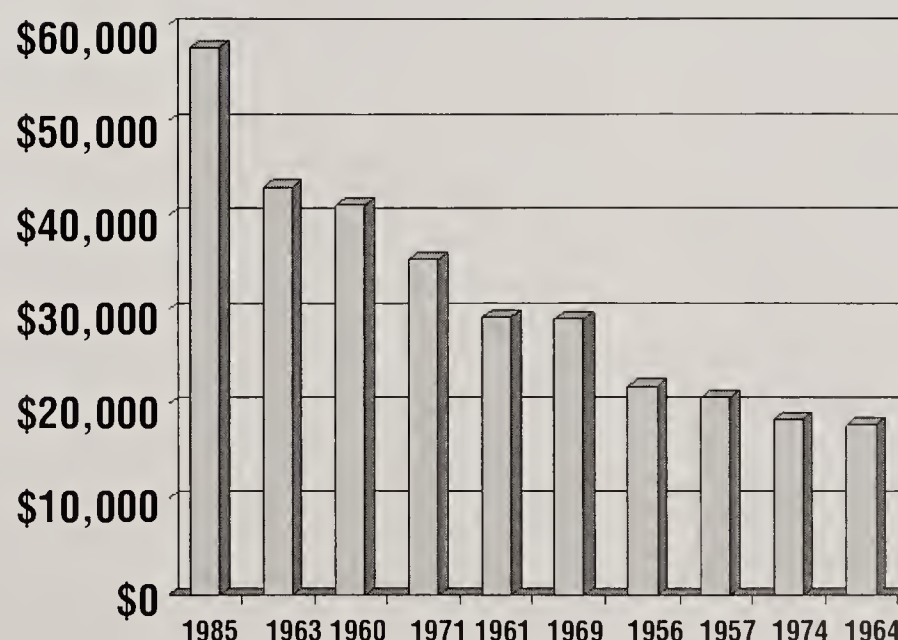

You might ask: why is the alumni donor participation rate so important? Foundations, as an example, want to be assured that alumni are “supporting their own” before deciding on whether or not to invest in an institution’s funding proposal. Foundations are also interested in the donor participation rates of Board members and faculty/staff. And so it goes, the higher the rates of participation, the more impressive and better SJC’s funding chances become.

In the pages that follow, you will find this year’s Honor Roll of Donors – listing College Fund supporters from July 1, 2005 through June 30, 2006. Heartfelt thanks for your continued generous support of Saint Joseph’s College.
